All of the prior art rejections, rejections under 35 U.S.C. 112 and claim objections are hereby withdrawn in view of Applicants amendments.

In an updated/modified survey of the prior art, the Examiner encountered Blondel et al., FR 2806929. This reference describes the modification of silica gel by way of its reaction with a cyclodextrin compound. However, the linking groups portrayed in that disclosure are not the same as is presently contemplated in claim 16 or would be realized by the synthetic approach of claim 31. The prior art does not disclose a cyclodextrinyl-substituted organosilicon compound in the context of it being an essential ingredient of a condensation-curable silicone composition. Inasmuch as this and the other prior art references of record fail to even render obvious the instant invention, claims 16-20, 23-25, and 31-46 are allowable.

The Examiner wishes, however, to respond to one of the remarks made by Applicant in their response. In particular, Applicants says of the compounds embraced by claim 16 that they, "may also include cyclodextrins not linked via triazinyl radicals..." but the Examiner respectfully disagrees. The only cyclodextrin-functional substituents in the compounds of formula (I) are denoted by "A" and, in these instances, R² can only be a triazinylene radical.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
